

STATEMENT OF PURPOSE

RS18251

The proposed legislation provides the Idaho Plumbing Board with authority to establish continuing education requirements for plumbing contractors and journeymen. The proposed legislation requires that renewal of a certificate of competency also requires proof of completion of continuing education requirements as established by the Board via administrative rule, and provides that renewal of specialty licenses may be renewed in the month prior to expiration.

FISCAL NOTE

The proposed legislation will not result in any fiscal impact to the state General Fund.
